ABOUT ME

Ambitious IT undergraduate at the Institute of Technology, University of Moratuwa (ITUM). A proactive self-learner currently expanding expertise in the mathematical foundations of AI, including Linear Algebra and Calculus, to build efficient machine learning models. Committed to continuous professional growth through hands-on project development.

TECHNICAL SKILLS

- **Programming:** Python, JavaScript
- **Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, BeautifulSoup
- **Databases:** MongoDB, Supabase, SQL (Basic)
- **Methodologies:** Data Analysis, Web Scraping, EDA

TECHNICAL TOOLS

- VS Code, PyCharm IDE
- Git & GitHub
- Microsoft 365, IntelliJ IDEA
- LinkedIn Learning

EDUCATION

National Diploma in Technology (IT) Institute of Technology, University of Moratuwa (ITUM)

Present (2026 – Ongoing)

G.C.E. Advanced Level (Physical Science)Diyathilaka Central College

2022 A/L

ACHIEVEMENTS

Second Place – Hotel Booking App Development Competition.

PROJECTS

NEURAL-MATH-ENGINE

Technologies: Python, NumPy, Linear Algebra

- Architected a Python-based engine from scratch to handle complex neural network math operations
- Implemented matrix and calculus computations using NumPy to optimize AI model foundations.

[View on GitHub](#)

AURA FITNESS - EXPLORATORY DATA ANALYSIS (EDA)

Technologies: Python, Pandas, Seaborn, Matplotlib

- Conducted comprehensive EDA on fitness datasets to identify health trends using Pandas and Seaborn
- Visualized critical wellness insights through advanced data storytelling.

[View on GitHub](#)

HOTEL BOOKING WEB APPLICATION

Technologies: MERN, Firebase, JWT, Tailwind CSS, Vercel

- Developed a full-stack hotel booking platform using the MERN stack.
- Secured 2nd Place in a regional competition for application design and functionality.

COURSES & CERTIFICATIONS

- Applied Machine Learning: Foundations – LinkedIn Learning (Ongoing)
- Python for Data Science and AI - YouTube//Self-Study
- Mathematical Foundations for AI – Self-study focusing on Linear Algebra and Probability

LANGUAGES & STRENGTHS

- Sinhala (Native), English (Intermediate)
- Problem-solving, Self-learner, Teamwork
